TRANSPORTER SERIES SHARED FEATURES / DETAILS

LOCKABLE U-ZIP PANEL LOAD ACCESS

A dual lockable zippered front panel provides U-Zip access to the main compartment for quick and easy loading of contents. Once inside, the internal organization consists of the large main compartment and a zippered fabric pocket.

CONVERTIBLE HANDLE HARNESS

The large front panel handle on the Transporter converts easily to a shoulder harness allowing for backpack style carry. Simply undo the hook and loop closure holding the two portions of the handle together to turn it into a shoulder harness by tensioning the two nylon webbing straps through the slider buckles found at the terminus of the shoulder harness.

WEBBING ATTACHMENT POINTS

The multiple integrated webbing attachment points found on the main pack body of the Transporter allow you to attach additional gear to the outside of the duffel.

PACK CARE

Osprey recommends Nikwax® products for pack care. For complete instructions on cleaning your pack, visit: ospreypacks.com/PackTech/PackCare

Your pack is an extremely durable product built for years of use and abuse. However, some basic procedures will ensure that your pack holds up optimally.

- After each trip be sure to clean out your pack thoroughly.
- If your pack is wet, hang it to dry.
- Loosen all the straps.
- Wash your pack every now and then.
[Do not immerse travel packs with our High Road™ Wheeled Chassis.]
