

## Outdoor Sports Guide

The Second Annual Green Issue – Summer 2010

Green Gear Guide

Featuring: The React

Circulation: 40,000

Readership: 120,000

We can all take little steps to help the planet every day, and a great way to start is by purchasing environmentally-friendly products. There are tons of options for green gear out there, so we just picked a few of our favorites to share with you. Have a favorite piece that didn't make our list? We want to hear about it! Send us an email at [editor@sportsguidemag.com](mailto:editor@sportsguidemag.com).

**30. Osprey React ReSource Daypack**  
Commute or hike in style with this ultra planet-friendly pack that's made from a minimum of 70% recycled materials, including: 100% recycled PET fabric, binding tape, webbing, mesh pockets and recycled buckles reground from buckle scrap. It features an electronics harness pocket, front organization panel, mesh water bottle pockets and laptop sleeve. \$74 [ospreypacks.com](http://ospreypacks.com)
