PACK THAT WILL WRAP

I'm 6'3" and 210 pounds and cannot find a hydration pack to fit. The waist straps are about rib high, and that's with the adjustment buckles at the top of my shoulders. Any suggestions?

—Dean, who wants to give up the bottles.

MBA: Call the folks at Osprey Packs, (970) 564-5900. Osprey is out of Cortez, Colorado, and we love dealing with these guys. They are not so big that you can't talk to a human, and they will give you a straight answer. We would not be surprised if they offer to make a custom pack if necessary.
