GEAR UP/ ROAD TRIP

Two yellow lines, long stretches of asphalt, and a big sky are the backdrop for happiness on wheels. Pack your emergency kit, atlas (you're going where GPS won't work), and these choice items to complete the picture. — JOHN BRANDON

4. OSPREY PORTER 65, \$129

The 2.3-cubic-foot compartment of this padded bag swallows a week's worth of clothing and gear. The ballistic nylon shell comes in black, red, or brown and has a large stowaway backpack harness and two zippered pockets.
