INTERBIKE '12: OSPREY WOMEN'S SPECIFIC BIKE PACKS

Osprey Pack Raven Women's 3L Hydration Backpack

The Raven series is the new sister to Osprey's Raptor collection of premium, mountain biking, hydration packs. Sized and tailored for a woman's body, the Raven builds on the reputation for outstanding fit and stability established with the Raptor line. Highly detailed and uniquely designed, these packs will turn a lot of heads while tearing up the trail.

MSRP: \$109-129

Details: AirScape™ backpanel, BioStretch™ harness as well as a full hipbelt to keep the pack stable and transfer the weight effectively. The packs are equipped with a 3L Hydraulics reservoir and Osprey's new hydration sleeve design with direct access zip for fast loading.

Colors: Clover Green and Iris Purple

Sizes: Raven 14 – \$129, Raven 10 – \$119, Raven 6 – \$109

Updated Osprey Pack Verve Women's Hydration Backpack

The Verve women's bag that Osprey came out with for 2012 gets a couple updates too. First is an additional pocket on the front of the bag and new colors!

MSRP: \$109-\$89

Colors: Passion Purple and Platinum Grey

Sizes: Verve 13 – \$109, Verve 9 – \$99, Verve 5 – \$89

We have been reviewing the 2012 Verve pack and excited to see some of the changes as it seems to make the bag a bit more functional for rides the girl looking for function (multi-tool, pump, food) and not a ton of water on their back (2-3L.)
