The Essential Zombie Survival Kit

When Zombieddon arrives, be prepared to head for the hills

The Walking Dead may not be real, but that doesn't mean it couldn't be.

Well, it *probably* couldn't. But in the off chance there's an outbreak of some reanimating pathogen, it doesn't hurt to be prepared.

Osprey Viper 13 Hydration Pack

means fewer zombies—you're going to want to carry your survival gear in a pack that has enough space for the bare essentials, but is light and comfortable enough not to impede you while running to safety. The [Viper 13](#) has (you guessed it) 13 liters of storage and a separate pouch for a 3-liter hydration bladder. [\\$109 on eBags.com](#)
