Carry out

Babywearing contraptions that let you take your tot to-go.

The frame ▲
Ideal for outdoor activities, like hiking, once baby can sit and hold his head up independently (usually around 9 months).
Osprey Poco Premium, \$300, ospreypacks.com
For use from 16 to 40 pounds

The soft structured ▶
Beco Soleil, \$110, becobabycarrier.com
For use from 7 (with insert) to 45 pounds

face it

When choosing a carrier, consider the carry positions it offers. Can baby be carried on your front? Your back? Facing out? Facing in? More options doesn't necessarily mean better or worse—it's about what's most important to you and your little.

▶ **The hybrid**
A unique double loop design combines the conveniences of sling, wrap and soft structured carriers.

Baby K'tan Baby Carrier, \$60, babyktan.com
For use from 8 to 35 pounds

Turn to page 65 for tips on what to look for when determining the right carrier for your family.

The frame

▲ Ideal for outdoor activities, like hiking, once baby can sit and hold his head up independently (usually around 9 months).
