Ozone Travel Pack

Osprey's carry-on sized Ozone Travel Pack has a ventilated mesh harness and backpanel for support and breathability. Features include: large collapsible zippered lower compartment to separate gear, tuck away harness and hip belt for airport check-in, direct access zippered tablet pocket, main compartment padded laptop sleeve and additional organizational pockets. The pack retails for \$160.

Osprey Shuttle 30"

The Osprey Shuttle 30" will make a comeback with its 100L of storage, padded sidewalls and a large collapsible zippered lower compartment to separate gear – ideal for wet gear, boots and hardware. The bag's variable StraightJacket compression straps keep items safe while the 16" HighRoad Chassis and extra large bearing sealed wheels allows the bag to be transported with ease. The bag retails for \$290.
