Osprey MapWrap

(\$20 MSRP, boyslife.org/links/ospreypacks)

Man, soggy maps really stink. So keep your map protected – and close at hand – with the water-resistant Osprey MapWrap. It weighs just three ounces and can be rolled up and attached to the side of your backpack, so you don't have to take your pack off and dig around every time you want to take a look at the map. A thick resealable plastic bag would do the job too, but this thing is a lot more durable and a heck of a lot cooler. It retails for \$20, but I found it online for \$15.
