Osprey Packs

Osprey Packs introduces the Karve sidecountry packs. Featuring sharp styling and practical utility, these hydration compatible packs are low profile for both comfortable lift riding and dynamic riding.

Notable features include diagonal ski and horizontal snowboard carry, EVA fixed harness with adjustable sternum strap and insulated/zippered hydration tube/bite valve access, zippered front pocket for shovel blade and ski goggles, external quick access sleeves for shovel handle and probe, and a padded front panel to prevent ski edge wear. The Karve 11 (MSRP \$89) features 11 liters of cargo space. Also available is the Karve 16 (\$99) and Karve 6 (\$79) in Double Black, Redline and White-out. www.ospreypacks.com
