### QUICK-CHANGE ARTIST

For runners tackling a life-list race like, say, the Great Wall Marathon, the versatile **OSPREY MERIDIAN 22** (\$299) helps you (or at least your gear) arrive intact. The bag wheels along via a retractable handle, or it can strap to your shoulders as a backpack with a supercomfy hipbelt. Once you're checked into the hotel, you can zip off the daypack, which is roomy enough for a few changes of clothes (with a mesh pocket to stash wet, stinky items). This clever trick also lets the Meridian meet strict airplane carry-on requirements. [ospreypacks.com](http://ospreypacks.com)
