MtnMama's Winter OR Faves

Featuring: Karve Series and Shuttle

Wow. Totally blown away! Here is just a sneak peek of a couple of things that caught my attention at the Winter Outdoor Retailer.

Osprey Karve 6,11 and 16- My kind of pack! This low profile design is strong enough to carry a snowboard but slim enough to wear while on the lift. For travel, I also dig their Shuttle 32. At 110 liters, it weighs 8lbs 13oz.
