Summer 2011

Mtn Gear – Ultimate Set-Up – Trail Running

Featuring: Viper 4

Circulation: 125,000

Readership: 550,000

Built for comfort, built for speed
The *Mountain Gear Swami* and his test crew take trail runners, light hikers, packs, tents, and all the fixin's through their due paces.

ILLUSTRATOR TAVIS COBURN; PHOTOGRAPHER DAVID COX

Pack: The 70-ounce Osprey Viper 4 hydration pack features a magnetic chest strap that keeps the bite valve easy to reach. The suspension is trail running worthy (a rarity), and the stash pocket is big enough for shades and a snack.
\$64; ospreypacks.com
