Ozone travel bags from Osprey »

Travel bags are becoming more and more important as airlines fiddle with fees. Osprey is releasing the Ozone series in August 2012 and calling them the "lightest, fully featured roller bags available." The bags will be in 18-inch, 22-inch and 28-inch sizes. There are numerous internal and external pockets for securing smaller items.

In honor of a record Winter Market Outdoor Retailer (more than 21,000 attendees), we are sharing a record number of items we found during the semiannual convention in downtown Salt Lake City last month.

The items shared here and on in our winter sports roundup (see link at left) are a mere spattering of the selection on display. The following write-ups are previews only, and many of the items will not be available until later this year.
