Gifts to help a man slim down, look great and live well.

Article By: Men's Site Staff

These gifts will make it easy to squeeze more adventure, joy and flavor out of the coming year. So start power-hinting! Of course, they're also cool gift ideas for highly-deserving people on your list — especially if you'll have borrowing privileges.

Osprey Momentum 26 Backpack

This slim backpack is designed for comfortable biking or urban trekking. It offers a laptop sleeve, cell-phone pocket (on the shoulder strap) and an expandable capacity. At the office (or any place where you'd rather not tote around a backpack), the straps tuck away so you can carry it like a briefcase.
