Osprey's

Osprey's Portal Series allows easy access to and interaction with laptops, tablets, smartphones and other electronics. Each Portal style provides ample organization and protection while the "port" models feature Osprey's innovative Port window, allowing use of a tablet without removing it from the pack. The Nano Port features an ingenious FlipSlide window for instant tablet use without removing it from the pack. Just slide your tablet from storage to use in a snap.

MSRPs range from \$89 to \$139 USD. www.ospreypacks.com
