Hikers are a particularly demanding bunch; the repetitive motion of logging lots of miles over varied terrain means they are perpetually on the hunt for gear that can stand the test of time - and doesn't cut the corner on performance and durability. Following is our list of top five gift choices for the day-hiking guy and gal on your list that live for a life on the trail.

OSPREY MIRA BACKPACK

For the Gumption Gal...

She can start a campfire, find her way through the woods in the dark and she isn't afraid to challenge Mother Nature. So doesn't the gumption gal in your life deserve the best women specific gear this holiday season? This gear wish list includes useful items for the woman adventurer of any age, experience or ability.

Her pack is with her every step of the way, which is why the most important features are comfort and fit. The [Osprey Mira](#) is highly-ventilated multi-sport hydration pack that's not only loaded with features but designed with a women's specific fit. With an AirSpeed™ backpanel, ventilated BioStretch™ harness, Stow-on-the-Go trekking pole feature and an integrated raincover for all-weather protection - this might just be her favorite gift of the year.
