In 2008, **Osprey Packs** changed the paradigm for kid's backpacks bringing adult custom fit, function and features to a pack line for young people. For Spring/Summer 2015, Osprey introduces their first-ever youth hydration packs series with **HydraJet** and **Moki** as

well the complete redesign of the **Ace Series** of technical backpacks and **Jet Series** of daypacks.

"Inspiring young people to experience and enjoy the outdoors is a core value at Osprey and a comfortable performance pack can really make a difference," says Erik Hamerschlag, Product Line Manager at Osprey. "We have always believed that kids deserve the same level of pack fit and function as adults and so we are excited to introduce our latest custom fit and hydration technologies to the youth market."

KID'S HYDRATION

Osprey's new hydration series features Osprey's popular 1.5 liter Hydraulics™ LT reservoir providing stable water and gear carrying for kids on the go – from hiking to biking. The reservoir is lightweight, taste-free as well as BPA and PVC-free, utilizing tough Metallocene PE film with anti-microbial formula to prevent bacteria and mold. Equipped with a magnetic bite valve, the reservoir gives kids quick, drip-free access to water on the trail.

- **HydraJet** – Kids Hiking Hydration The HydraJet provides trail dedicated features and function in a youth sized daypack. MSRP: \$70
- **Moki** – Kids Biking Hydration Drawing on Osprey's popular Viper and Verve hydration packs, Moki is a streamlined hydration pack for young riders. MSRP: \$50

KID'S BACKPACKING & HIKING

Ace Series – Kids Backpacking with Custom Fit Designed for young backpacking enthusiasts, ages 10 through 17, the completely redesigned Ace Series features Osprey's ultra-adjustable torso and hipbelt that allows the pack to grow with the user to provide years of value and comfort. Inspired by the design of Osprey's popular Volt and Viva series, the upper backpanel and harness slides up and down up to 5 inches along the peripheral LightWire™ frame for optimum load transfer and a fine-tuned fit for growing bodies. Notable design features include: AirScape™ backpanel, spacermesh harness and Fit-On-the-Fly™ adjustable hipbelt.

- **Ace 75** (Ages 12-17) Overnight Backpacking MSRP: \$180
- **Ace 50** (Ages 11-16) Overnight Backpacking MSRP: \$160
- **Ace 38** (Ages 10-14) Overnight Backpacking MSRP: \$140

Jet Series – Kids Hiking These kid-sized daypacks provide trail-dedicated features and function, including Osprey's AirScape™ backpanel, an edgeless harness for comfort as well as a built-in reservoir sleeve.

- **Jet 18** - Day hiking MSRP: \$60
- **Jet 12** - Day hiking MSRP: \$50
