Osprey Kode ABS 22+10

The Osprey Kode ABS 22+10 is the one ski pack to rule them all, whether you're a single-planker or a double-planker.

Need separate places for dry and wet things? Done. Headed out into the great backcountry and need ABS compatibility? Done. How about a space for goggles, insulated hydration, a separate pocket for your avalanche gear and zippered expansion for when you get carried away? The Kode has you covered. This pack is ready for the POW — get one on your back and you will be, too.

[Osprey Kode ABS 22+10 -- Amazon Best Price](#) — \$140
