Osprey's Bi-Annual Community Locals' Sale Benefits Colorado Non-Profits

Osprey Packs, Inc., a leader in creating top-quality, high-performance, innovative packs to comfortably and efficiently carry gear, is pleased to announce its popular Fall Community Locals' Sale and Fundraiser raised \$3,350 for **Four Corners Recycling Initiative**, a local non-profit community organization. Combined with the Spring Locals' Sale, Osprey has donated \$7,650 for the year by offering outstanding deals on packs and bags to the Cortez community.

The much-anticipated Local's Sale is Osprey's biannual fundraiser for local, community nonprofits. Osprey donates a percentage of all proceeds from the one-day special sale to organizations carefully vetted and selected by the company's volunteer led Green Team.

"We would like to take this opportunity to thank the community for their support in making both the Locals' Sale and Osprey itself a resounding success," says Osprey Marketing Outreach Manager Sam Mix. "Osprey is proud to be a part of this great community, supporting efforts to make it a better place for all and we like to give back whenever possible."

Proceeds from the Spring Locals' Sale benefitted **CASA of the Four Corners** and **The Cortez Cultural Center**. Funds raised this fall were donated to The **Four Corners Recycling Initiative** to aid in their efforts working with local schools to build a plastics recycling pilot program in rural Montezuma County, CO.

"FCRI is very grateful to accept this generous donation from Osprey as a result of their successful Fall Locals' sale," said Lisa Roche, Board of Directors, Four Corners Recycling Initiative. "We are happy to announce that we will be using the donation to support local high schools in their pilot program to recycle plastics # 1 and 2. The efforts we will be supporting include bins for commodity collection, transporting the commodities, and education."
