## The Essentials: 5 Must-Have Items for Mountain Biking

### Osprey Raptor 14 Hydration Pack

4 of 5

◀ PREV

NEXT ▶

A long day in the saddle means bringing extra gear and water; the Osprey Raptor 14 hydration pack can handle it all. The 3-liter reservoir means less time searching for water instead of the next trailhead. Zippered hip-belt pockets allow you to grab a gel on the go, while two inside zippered mesh pockets are ideal for storing your multi-tool and CO2 inflator. A large pocket with compression straps is ideal for stashing a jacket or some arm warmers. *[\$130; [ospreypacks.com](http://ospreypacks.com)]*
