WHAT'S IN YOUR BAG? JULY 4TH

The July 4th weekend is almost upon us, so we here at The Manual wanted to help get your packin' on. If you'll be hanging at the pool, headed to a beach, or planning a staycation, we've got a few packing options for just what you may need for this (hopefully) sun-filled long holiday weekend.

Osprey – This just may be the best bag to take away this, or any weekend. The combining of the retractable handle, wheels, backpack straps and a detachable daypack, paired with lightweight fabrics and a hip-belt. Pull it through airports, then tote on the trail.
