GEAR LAB

BEST LIGHTWEIGHT ROLLER
Osprey Ozone 18"/36L
 \$200; ospreypacks.com
 An aluminum frame and chassis keep the 36L to 4 pounds, 2 ounces, making the Ozone a great pick if you travel light but still want a bag loaded with features. Everything here is well-considered, from low-profile handles that don't catch in the overhead to logical organization pockets.

Luggage

These better-built bags keep your stuff organized and get it there safely.
