**He's really a gear expert and a head buyer at a top online retailer. But we tasked Steven "Leon" Lutz to play Santa's Helper this season to come up with his favorite holiday gift ideas to make shopping easy.**

### **Osprey Poco Plus child carrier - \$259.99**

The Poco Plus has it all; full fit adjustability for mom, dad, or anyone else who might be toting a kid, safety features and fit adjustability for your child, plenty of storage for diapers and other gear, and a built-in sunshade to fend off glare.

**Leon's Take** – "I recently shot a video product review of the Poco Plus and couldn't stop thinking about how much I would've loved having one when my daughters were still small enough to ride around on their parents' backs. Chalk this up as one of those gifts that keeps on giving as it contributes to the entire family enjoying the outdoors and making memories that lead to future adventures."
